

Accent International was founded in 1988 and now works in five main areas – all connected with international working, language, communication and intercultural training and consultancy.

Accent International is accredited for its UK programmes by the British Council, is a member of the professional association, EnglishUK and the elite group, BusinessEnglishUK. It is also a member of the International Association of Language Centres (IALC).

Accent International works with well-known companies all over the world, helping them to work internationally and to be effective on the global stage.
